Dearest most lovable Kelvin,

Oh howdy ol pal. I don't know of anyone that I've become attached to so quickly. All my other buddies (Rog Kevin etc.) are either in my classes or home than here longer. You are such a good friend. I sure hope that next year and through all the college and world that we can see each other and have a (root) beer or two or a good joke.

Will try to see you this summer whenever you get back from Europe. Maybe we can go take racketball lessons together from Matasio Nakawaki the Pinstriper!

Make sure we keep in touch. You never know. Maybe one of these days your company will need a lawyer or all need a spaceship designed (maybe a plane) The future is great. The future is now. May senate be successful next year and become omnipowerful and May Iran keep on line to the 100.

Success to the intelligent and power to the persuasive of MIT and MIT. Be a good student and some visit that almost Normal school (ASU) somewhere while (when you do also come stay a my house) See you soon

Dear Kelvin,
Sorry I'm gonna miss you this summer. Don't forget me. + all the fun + terrific times like Amadeus Hour, + when you had to keep "mum's the word" (by the way you don't have to keep it any more!) We are gonna have a roaring blast in 84. next year, thanx for making this year extra special for me.

Love ya lots, '82

Well, well, well, there is so much that comes to my mind when I hear your name. Our hard jobs, our honest bibble class tests, hairy + smooth legs, biology lab station partners, and many more I'm sure. Kelvin you always have a smile on your face and something to say. I will never forget your and the times we've shared. I am glad that I got the opportunity to Play in the flute section with you, your such a proficient player. I hope that you have a lot of fun in Romania this summer. I wish I were going but not with your-know-who. You'll have to go to a disco by yourself. Don't be afraid, you'll fit right in. Don't forget it may come summer. I love you and wish you and the summer and see your this happiness in the world. I'll come visit ya next year don't worry. Love always, QB-Barb-warbie xoxo

Dear Kelvin,
Thanks for entering me to come to Eden Park. Oh Jeeez a good year and you're over a big pond of it. Thanks for being such a good friend. See ya all there.

Now is the dawn
of a new day.
A gift from God
to do with as I wish.
I can squander its riches,
or nurture myself in its power,
and thus, be a servant to others.
Whatever the choice,
my acts today are significant,
for I have bargained a part
of my life to gain this day.
And with the first ray of tomorrow,
this day will be lost forever to the past.
Then, I will pray that it was all
well worth the cost.

Dear Kelvin,
Jive had a lot of fun this year (especially in adv. math) and I hope you have too. Remember all the times together last year in Geometry & Driver's Ed, too. You are a very special person, Kelvin. I have to smile every time I see you. I hope you have a good year next year. You better do a good job with S.A. Thanks for being a friend.

Love ya,
Annie

P.S. I have one question - why isn't your harem more active Babishan?

Dear Kelvin,
Thanks for being my friend this year. You have a special talent for making people laugh and you never fail to brighten my day. Despite all the teasing - I'm sure glad I got to know you. Stay as nutty and crazy as you are right now.
Good luck next year.
I hope you stay in touch.
I'll never forget all the fun times you and Roger, Kevin and I have had. I'll always remember how you never failed to get the top of your head just to irritate me. The best to you in whatever you do with your life.

DONN IN THIS DORM

Allow me to introduce myself. My name is Donn LaTour and I will be bringing you all the news that's fit to print from North Hall, the guy's dorm. Speaking of things that don't fit, the dorm is full to overflowing this year. With over 120 guys--more than half of them new--North Hall is anything but quiet, although the deans are frantically doing their best. Many top-secret activities are being planned, but I shall only divulge a few--such as a golf club--or, well, no that's enough for now. The guys are looking forward to a good year. And so are we.

Hand shake

Anticipation filled the air as school came alive Monday morning, Aug. 25. Smiles and greetings were exchanged between classes as students shared experiences that they had during the summer. The word was passed that the SA handshake would be that evening in the middle of campus. As the handshaking began each student would eventually shake everyone's hand in the school. The line extended from the guys dorm down past the bell tower. Everyone received a warm welcome to Cedar and the best of luck as the year progresses. It was a time for meeting new students and faculty as well as a time to socialize and start the school year off on the right shake.

—Lori Wolfer

CLA REGISTERS 311 IN FIRST MONTH

Dear Ma,

Wednesday morning, August 20. It was 8:00 a.m. We were making our way to the Cedar Lake gym. Once we approached and passed through the doors we knew we would never come out the same again. As we looked ahead in the distance we spotted some tumbling mats, and to the left was a teeter board. Then we heard some footsteps coming down the stairs. We turned and waited in suspense to see who was approaching, then out of nowhere came Coach Ric Gatling. He walked over to us and checked each individual out. Then he said "It will take some work to get you people in shape but we can do it." So he started us out with a warm-up, by running 4 laps around the gym. Then he had us stretch [illegible] 2 minutes. We did [illegible] too. Then we [illegible] tumbling [illegible] backwa[illegible] ca[illegible]

Faculty

Dear Student:

Time is the most important gift God has given to you. Each of us are granted only a limited number of days on this earth. How we use this time will determine to a great degree where we will spend eternity. I urge you to continue to use each day wisely as each of us must give an account to our Lord in the day of judgement.

You have lived this school year one day at a time. Each day was a new experience. How you related to your experiences determined the degree of your success this school year and your successes were instrumental in makeing this school year so rewarding.

As you leaf through this annual you will recall many pleasant memories of this year. I am proud of your accomplishments and know that you will be successful in the future if you allow God to lead and direct in your life each day. It has been a privilege to assist in your educational development!

Sincerely,

M. W. Shultz, Ed. D

Never forget Jr/Sr. Banquet It was a really good time!

Dear Kelvin, Chubby, Flipper or what ever else!

This year has really flown by - It had its good times and bad like every year but mostly good because you were there when ever I needed someone to pick me up with a smile, laugh or joke or just to listen.

Kelvin we've had some pretty special times together - Work (listening to X-mas music, jammin, getting nothing done, skippen out ed..) P.E (rope tests, badminton + our 5 laps?!) Adv. Math (you doing all the work, rubbing my back & shoulder like my brother, + keeping Feldhusen from getting to close!) Mads + Choir (the time you were in it any ways) But what I'll remember and treasure most are the times we talked about - well everything!

You certainly have got a lot of potential and a great head on your shoulders! I know you'll do a terrific job as S.A. vice president.

Kelvin sure I'll remember you for your jokes and jolly nature but to me you're a lot!!! more. You're a serious guy, sweet and the best friend any one could ask for. Always remember me and our special friendship!! Keep In touch Always!

I Love Ya, Dawn

P.S. Hopefully I'll make it to your house some day!

Your future and Andrews University

Movement. It characterizes today's world. In every profession, in every location, in every phase of life, there's movement. Rapid movement that demands alertness, vitality, freshness and new approaches.

Andrews University has a tradition of helping young people prepare for that movement — for the kind of progress that is necessary to accomplish important goals on this earth . . . the kind of progress necessary to see the work of our church completed.

In an environment centered on Christian principles, we can help you get ready to serve in today's and tomorrow's worlds. You'll be well grounded, and will learn to make your contribution in fields like technology, the health-related professions, in business, education, theology and others. And you'll be able to keep your sights on a higher standard — always aiming for the best, the fullest and the richest opportunity in life.

If you're serious about getting ready for your role in the life of society and the church, get in touch with our Admissions Office. We can help you get started in the right direction.

DON'T RESIST— *INSIST* ON A GOOD EDUCATION!

Why be mediocre?

Insist on quality. Insist on practical training.

That's what you get at Kettering College of Medical Arts. Kettering Medical Center is located right next door to the college, so you get immediate and thorough clinical training.

You can choose from the following two-year associate degrees:

- Nursing
- Physician Assisting
- Ultrasound Technology
- Medical Technology
- Dietetic Technology
- Biomedical Electronics Technology
- Respiratory Therapy
- Radiology

Graduates of KCMA consistently outperform other graduates on health profession examinations. Most of last year's graduates were hired by good employers before they graduated.

And because of endowments, tuition costs you less than academy!

If you insist on the best in practical learning, call the office of admissions collect at 513-296-7228. Or write for a curriculum handbook.

Dear Kelvin -
Thanks is such an inadequate word to add. I want to say more but there's not time. Just notice above that I'm glad for your friendship - I'm glad for your joy in your wife, for your talent, your visit - your affection - & above all, your prompt!!! Next year looks good - we'll do it all again !!! Love, Ron

Dear Kelvin,

My two years have been great. You were one person that made it that way. I tried not to take you seriously when you teased me. I hope you have a good Senior year in S.A. Don't let Mon tell you you will do a great job. I am sure you will. I have tried very hard to continue it as "reputation." You have been a great friend & one who is there when I need someone to talk to. Have a good summer. Let's keep in touch. Gonna miss ya next year!

Love your friend always,
Marian
P.S. Keep God #1

Kelvin, you've really been a super friend this year! Thanks alot! Remember all the White Sox games the Meadowlark Jab and the Centerfield bleachers! Thanks for all you've done Kelvin during the past three years. You one friend I'll never forget. Have a great summer and good luck at Cedar Lake next year

Your friend always
Vince
